CASINO GAMES DEALER TRAINING PROGRAM

CERTIFICATE PROGRAM

CANADIAN CASINO GAMING COLLEGE

In today's world, to sustain yourself in the workforce and to be continually productive in your job, you need to hold the most upgraded knowledge and experience within your industry. Canadian Casino Gaming College, offers you just that by allowing you to explore new areas of an expanding and thriving industry of Casino Gaming, and by providing you with the necessary skills and knowledge required to enter and advance within the industry.

GRADUATE'S KNOWLEDGE AND SKILL COMPETENCIES

The graduate will know that successful Casino Dealers interact directly with the customer of a Casino Facility and provide assistance and information to promote understanding and enforcing the rules of play for each casino game. They may handle orders, complaints, account changes, inquiries or suggestions from a company's customer or an organization's members. Casino Games Dealers may be authorized to resolve problems.

Canadian Casino Gaming College offers a variety of skill-enhancement courses for ongoing education and practical training. The Casino Games Dealer Program content is developed in consultation with relevant Casino industry leaders to achieve the highest academic standards.

The course content for Certification is developed to provide the candidate with the best technical and transferable skills necessary for success within the industry.

We at Canadian Casino Gaming College are committed to academic and technical offerings relevant to practices matching industry standards for employment. Our goal is to give our students the knowledge, skill and confidence to enter and advance within the Casino industry.

We aim at providing value and quality to our students by training them with the best facility and experienced instructors inside a conducive environment which meets international standards.

COMPREHENSION OF ORDER OF PLAY PLAYER BETTING CUSTOMER PLAY & DECISION MAKING MAINTAIN INTEGRITY OF THE GAME CUSTOMER SERVICE TO ENHANCE GAMING REVENUE RESOLVING DISPUTES

The graduate will be able to perform the following major tasks; the ability to think quickly, analytically and the aptitude for facilitation of the game, all skills necessary to develop to become an effective casino dealer. Analytical thinking enables you to accurately calculate winning or losing hands in a matter of seconds Casino table games are fast-paced, and the speed and accuracy with which you determine who wins and who loses affects the confidence that players have in you and the game that you are dealing.

Facilitation of the game is important for gaming revenue as Dealers whom take too long to assess winnings or who inadvertently pay out winnings can be problematic to the Casino's overall revenue. Our program is directed at teaching you the proper techniques, fundamentals, knowledge and mannerisms necessary to gain employment at a Casino of your choice.
